

2016-2017

Redmile CE Primary School received £8,355 of Sports Premium funding for the academic year 2016-17. This money was spent on providing the following opportunities:

Activities Selected	Cost
Qualified sports coaching to support extra-curricular sports/PE programme	£6278
School swimming subsidies	£809
Enhancing sporting venues/competitions/tournaments	£135
Equipment/Resources	£1133
TOTAL investment in high quality sports provision	£8355

Impact

Building on previous year's improvements in overall fitness levels, more of our children are engaging in sport in and out of school. Many have signed up with clubs in local towns and villages, e.g. rugby, football, gymnastics, judo, basketball and cricket. A number of children were selected to play for county teams, e.g. Nottingham Forest Football Club, Notts basketball league and the Leicester Riders Basketball Club.

As testament to our commitment in sport we have been awarded the 'GOLD' School Games Mark. A summary of requirements to achieve the standard include; to provide all students with 2 hours of timetabled PE per week and have extra-curricular provision in addition to this; engage at least 50% of pupils in extra-curricular sporting activity every week; of the 50% of pupils engaged in extra-curricular provision over the academic year, 15% of these pupils should be from the non-active population; provide the opportunity for both boys and girls to participate in the appropriate level of competition; utilise sports coaches to support school sports.

Redmile Sporting Achievements

At local level, we have achieved numerous successes.

- Winners Y5/6 Hockey Vale and Melton Hockey Tournament (came 5th in the County Finals)
- Finalists Y3/4 Hockey Vale and Melton Hockey Tournament
- Winners Y5/6 basketball Vale and Melton Tournament
- Winners Y5/6 basketball Vale Tournament
- Finalists Y5/6 football Vale Tournament
- 3rd place Y5/6 Tag Rugby Vale Tournament

- Several children entered the Vale and Melton Cross Country event 2016/17 and placed in the top 10, so went on to represent the area in the County Finals. One pupil finished 3rd.

All Vale and Melton tournaments and County Finals include large primary schools so our teams do extremely well to hold their own against tough competition who are mainly Y6 children.

A wide range of sports were covered in PE: football, rugby, hockey, netball, basketball, gymnastics, tennis, badminton, cricket, rounds, athletics and handball. Friendly matches were organised in both football and basketball.

Younger children regularly attended early morning sports classes and attended the after school sports club for Reception-Year 2 on a weekly basis. This growing interest in sports has led to more active participation at playtimes, which has contributed to them being ready for learning in the classroom; we noticed significant improvement in readiness for learning following the introduction of the early morning club in particular.

Over 60% of Key Stage 2 children attended After School Sports Club.

Participating in running races on sports day is optional, (the competitive team games are compulsory though) as not all children respond well to performing in front of an audience (just as they don't in stage shows); this year **every** child entered every race, including the long distance events and were determined to cross the finish line. Their positive attitude and determination was noted by many parents who attended.

The recent National Child Measurement Programme carried out by Public Health England at our school, which looks at trends in obesity both nationally and locally, indicated that there are no issues at our school with obesity.

Our commitment to a highly engaging and motivational Sports curriculum is clearly having a hugely positive impact on the aims set out by the government to improve lifestyles and health of our children.
