

Dear Parents,

News from Classrooms

Class 1:

This week we have shared stories with a woodland theme and looked at Hansel and Gretel's adventures. In maths we have been measuring length and comparing objects by size.

Maths next week: continuing our measuring themes in different contexts e.g. weight and capacity.

Class 2:

This week in Class 2 the children have made imaginative time machines. We moved forward in time 30 years to see what we think the future will be like. We also continue exploring the characters in 'Robin Hood'. In maths we created some beautiful symmetrical butterflies.
